

Boiler Startup Development Program for Experienced HVAC Technicians

JOB PURPOSE:

To develop experienced HVAC Technicians for the role of Boiler Startup / Commissioning Technician.

ESSENTIAL JOB DUTIES AND RESPONSIBILITIES:

- Participate in a formalized Victory Energy (VEO) development training program at Victory Energy (VEO) headquarters in Collinsville, Oklahoma.
- Training consists of:
 - Classroom instruction of VEO Products and Services.
 - Hands-on practical training at our world-class Manufacturing and Test facility.
 - Overview of VEO Field processes and protocols.
 - Shadowing experienced Field Commissioning Technicians at customer locations.
 - Industry trade school learning as needed.

Candidates will learn the following competencies:

- The safe and efficient commissioning, testing, maintenance, and servicing of boiler systems provided by Victory Energy Operations ("VEO").
- Inspection of installed boiler systems and auxiliary equipment to ensure readiness to commission.
- Preparing punch-lists based on pre-commissioning site visits.
- Set Combustion Curves, collect operational data for VEO Engineering review, collect and record data as required for VEO documentation of commissioning activities.
- Inspect, maintain and service boiler/burner systems and auxiliary equipment, including VEO's Rental fleet.
- Provide training to end-users on safe operation of boiler/burner systems and auxiliary equipment.

REQUIREMENTS:

- Ability to travel and perform Field Service work.
- Strong HVAC experience.
- Good mechanical experience and the ability to use a variety of hand tools.
- Knowledge of control systems a plus
- Knowledge of NFPA and ASME Pressure Vessel codes a plus.
- Ability to read and follow Engineering drawings, wiring diagrams, piping schematics, logic diagrams and perform simple engineering calculations.
- Ability to obtain a Transportation Workers Identification Credential (TWIC).
- Education: High Schools graduate (Minimum)

Work setting: Outdoor.
